

Sinclair Broadcasting should not be allowed to pre-empt programing and and force its stations to air the anti-Kerry "Stolen Honor." This is clearly a biased, undemocratic decision, particularly considering the timing. Since we cannot rely on Sinclair to do the right thing, as has been shown repeatedly in the past, it is incumbent upon the FCC to step in and forbid the right-wing company from engaging in unpaid campaigning for George W. Bush. The free public airwaves should not be used in this manner. Thank you.
